In 1989 we created the Apple I-phone too.
Our Intellectual Property. 1989 we were at the Boston Garden and came up with Taylor Swifts 1989 Bright Idea. Apple Inc pelted our heads with Apples - Taylor Swift is Eve. Defendants are Rotten to the core. We are scared Taylor Swift has Pennsylvania ties we are frightened of her she might cut out our voice boxes for whistleblowing. In 1989 we were riding Bikes next to Swift trucking Taylor Swift put a spoke in our bicycle spokes we Flipped and Swift Flipped us off. Apple Inc gave Jobs Cancer. Apple witches witches vs. we are worried sick. Panic Attacks.
